## Ken's Extra 260 ARF (30%)

Posted by RickB - 2007/10/18 11:35

---

This is a SUPER nice plane owned and flown by a personal friend! Real "Sweet" job here Kenny...and I really like your great work on the cockpit detail!

The plane is an Extra 260 Aviation Models ARF (SD Models)

Wingspan: 87"

Flying Weight: 17lbs

Length: 75.5"

Prop Zoar: 22-8

Pipe: KS 86 Canister Muffler

Radio: Futaba 9CAP

Receiver: Futaba R319DPS PCM Synthesized

Servos: 5 Hitec Digital Coreless HS-5955 TG's

1 Hitec Digital Coreless HS-5645 MG (throttle)

Internal Power: 2 Cermark Sanyo NiMH 2700mah Batteries

2 Cermark DSC Super Switches

Engine: Desert Aircraft DA 50cc

Rick

I think your new web sit is great. I like how you put links to get to diffrent web sites.

Looks like you have a winner.;)

Your friend

Bubba

Haha I Know we always tease them about being electric haha  
Gas.....Still lives on!:]
